**JJ PAPER QUILLING STRIPS** - Our papers are the result of much research and experience in quilling. We feel the better quality and weight of our papers is essential for good results, coiling well and having greater strength. We are confident that discerning quillers will settle for nothing less. We have a **huge range of colours**. The usual length of strips is 45cm approx. or just over 17½". Whatever width a technique needs, all our strips may be ordered in **Any Width You Choose!** Fringed flowers can be 10mm or more (or 9mm – (3/8") for fringing tools). Many quillers now use 2mm strips, or as narrow as 1.5mm (1/16") or 1mm. (Sometimes, these don't wrap as neatly in the bag; not, we hope, to the detriment of your quilling.) Some quillers use our paper sheets, e.g. for spiral roses or to use with punches. Our Strips Order Form shows the standard size, 3mm (1/8"), along with popular sizes, 2mm, 5mm and 10mm and all prices. To order another size, like ¼" (6mm), adjust a heading to suit you or use the back of the form, entering colours and sizes (with stuck-on samples if you like). *As non-standard sizes are specially cut for you, please check colours and sizes carefully before ordering to avoid the need for returns, which often cannot be resold.* These still go towards your **'Buy TEN, Get ONE FREE'** Packs except Edged and Kitspacks). Widths and types of 'Frees' depend on the strips predominantly ordered. We can also make sets of strips in your own chosen mixture of colours, strip lengths or packed quantities.

**JJ SINGLE COLOUR PACKS** - Up to 150 strips in your choice of colour from the extensive list on your order form - if in doubt, stick a small sample of your chosen colour beside your order. More costly papers may have 10 to 15 fewer strips. If you see that, occasionally, a colour has been discontinued in our usual weights, when a slightly heavier weight is available, we may include it in our 'Stronger Set' range (see below).

❖ **JJ SHADED PACKS** - Collected shades, e.g. all the darker greens. 10 packs cover a wide selection of our colours, with a free Black/White & Greys pack. There are seasonal selections, too, like 'Christmas' for convenience. They're usually in packs of up to 150 strips. The **Rainbow Pack** is a useful mixture of popular colours and is ideal for beginners.

**JJ PARCHMENT PACKS** - 150 subtly-hued pastel strips, in mixed or single colours; not real parchment, but the paper version. A delicately mottled colour effect. A good paper for quilling. Can be edged.

**JJ 'BOWS & BELLS' METALLIC SILVER PACKS** (90 reflective metallic-effect strips, one side Silver, the other white. Double-rolled to show silver both sides, the result is sumptuous.) Luxury strips for that special occasion, for making cones and bells, bows and borders, weaving, spiralling, for Gold and Silver Weddings, cards for Royalty, etc.; or there's a **Pearl Coated Gold** or **Silver** too, which are also available with Gold or Silver edging and good double rolled (150 strips).

**JJ FLUORESCENT PACKS** - What can I say? Feeling buoyant, crazy - like a party, young again (I wish!)? See our Fluorescent Kits to experience the phenomenon. People will look at you in a new light. Dogs will like you. You'll win the Lottery! Not all true, but they are fun and effective (140 strips in a mixed pack). See paper sheets for colours.

**JJ STRONGER SET** - 100 stronger strips in mixed or single colour packs. These strips in slightly heavier papers are increasingly popular for their strength, quality and their deeper, rich colours. These strips are often slightly longer than average. They do look good if edged in Gold, Silver or Holofoil, being slightly thicker paper.

**JJ GRADUATED COLOUR PACKS** (deep to light) - Colour flows from a deep colour at one end, changing gradually to light at the other. The effect, when rolled, is beautiful. Pale centres become dark at the edge, dark become light if rolled from the other end. Available as a mixed pack of 150 strips or as separate colours, in slightly shorter strips to achieve this lovely effect. We can edge mixed packs of these, too.

**JJ 'DARK CENTRES' GRADUATED STRIPS** (light to deep to light) - These strips add an extra dimension to your pictures. Roll a full strip length - interesting! Then cut one in half and you have two half-sized Graduated Strips—300 in effect! Wow! (Shorter strips.) Also can be edged.

**JJ TWO-TONE STRIPS** - 120 screen printed strips in two mixed packs or in sets of colours, each on some selected toning papers - the subtlety of strips with a different colour on either side for a touch of elegance. Excellent for Spreuers and Ring Wrapping (see kits). The Two-tone Extras pack combines more contrasting colours to brighten your pictures.

**JJ 'PEARL COATED' STRIPS** - a mixed pack of colours, pearly one side, white the other - bright or pastel, vibrant or subtle, these special strips feed your imagination (150 strips) - exceptional for making unusual, very attractive fringed flowers. Also in a Paler or a Darker PC set, and in *Gold* or *Silver* packs. See 'Paper Sheets' for colours (Paler in *italics*).

**JJ 'MIRROR' STRIPS** - Very reflective papers - wonderfully glossy *Gold, Silver, Red, Blue, Copper, Pink* or *Green*, the other side white. These lovely papers are sooo shiny! Try them and see! Great used to titillate your Spreuers. 70 strips per pack. Also in *Gold* or *Silver* packs. (Use our Extra-strong Glue to stick them - see later). *Gold* or *Silver* edgings look good.

**FAQ**  $1/16"$  = 2mm approx,  $1/8"$  = 3mm,  $1/4"$  = 6mm (priced as 5mm),  $3/8"$  = 9mm (priced as 10mm). Other widths please ask.

**To order any items below, please enter all the details on the ORDER FORM supplied or on paper or E-mail, making sure all delivery details are clear. (Credit card numbers shouldn't be sent by E-mail, not as secure as the post, fax or phone.)**

**JJ EDGED STRIPS – SHINY GOLD, SILVER, COPPER OR SILVER OR GOLD HOLOFOIL SILVER REFLECTIVE EDGES** on any of the 3mm **JJ** Single Colours marked  $\diamond$  on the Strips Order Form are £1.85 for  $1/5$  of a normal pack.

**SHINY HOLOFOIL SILVER OR GOLD EDGES** – when rolled, edges are silver or gold but also reflect different colours like holograms – subtly effective. Any other colours can be edged, in any of our edgings, but please order 5 fifths as there are too many colour combinations for us to hold stock.

**SHINY COLOURED METALLIC EDGED**  $1/5$  packs of 3mm toning strips, for richness of colour, cost £1.85. Red on Scarlet, Green on Leaf, Blue on Kingfisher, Pink on Pink, Lilac on Lilac, Purple on Purple and Copper on Robin. Other colour combinations please buy full set of five of the 'fifth packs'. Please check prices for any other combination of colour/edge.

**PEARL EDGES** – a beautiful, pastel, lustrous edge in **Pink, Green, Blue, Lilac, Peach or Chamois** can each be ordered on 3mm **Ultra White** for a paler effect or on **Warm White** for a different effect, or in **Powder Pink/Pearl-Pink, Powder Green/Pearl-Green, Powder Blue/Pearl-Blue, Lavender/Pearl-Lilac, Pastel Pink/Pearl-Peach or Lemonish/Pearl-Chamois** for a deeper effect. Each of these is £1.85 for a 3mm  $1/5$  pack. Other combinations in sets of 5 packs. See below for prices. We now offer 3mm Pearl Coated Gold with Gold edge or PC Silver with Silver or Holofoil edge for £1.90 for a fifth pack. Remember, you can specially order **ANY OTHER 3mm SINGLE COLOUR PACK OF JJ STRIPS** with **ANY JJ EDGING FINISH**, Gold, Silver, Holofoil, Copper, Metallic Red, Green, Blue, Purple, Lilac or Pink, or with a Pearl Effect edge (best in pale colours). Please add 15p per fifth pack for any non-stock colour/edging combinations and order 5 fifth packs (or 10, etc) so Stronger Set, Parchment, etc, can be edged for £2.00 for each fifth pack, in any edging (order 5 or 10, etc.). Normal discounts apply but no Free Packs for edged strips. Order edged strips on your main order form. **N.B.** It is possible for slight blemishes to appear in the edging process, which should not affect the general effect when quilled. We guarantee 25 perfect strips but you can expect up to 31 edged strips in your average fifth pack. Very slight variations in width may be noticeable in edged strips.

**KITSPACK STRIPS** - This useful 100 strip selection of 12 colours is great for use in kits and for those planning workshops (from about £1 per pack!). Quality strips, easy for beginners to use, in pairs, un-bagged, for you to separate and use as you like. (We can quote for packing.)

## ACCESSORIES

❖ **'J.J.' QUILLING BOARDS & HUSKING PACK** - two foam boards with headed pins, one 29 x 19cm approx. and one handy workbox size about 12cm square; at least one side smooth, very *useful* Quilling Boards! A lovely picture to make (colour) and pages of clear instructions and drawings to create its many shapes. £6.40 pack

**QUILLING NEEDLE TOOLS** - have a slotted metal needle end for tighter centres and wooden handles, a dowel for the Standard tool and a thicker turned handle for the Deluxe tool. They are needles, so we advise that young people are supervised while using quilling tools, or it's just as easy to roll with fingers.

Standard tool	£2.95 each
Deluxe tool	£3.95 each

❖ **QUILLING GLUE** - a suitably tacky, good quality, washable P.V.A. glue which dries clear, yet doesn't form an annoying skin in the bottle. Use it to coat solid free-standing figures, cones, animals' eyes, etc. It is non-toxic, quick grab, water based, and ideal for craftspeople and children alike. (It's also extremely good for quilling!). We use a 'Fine Tip Applicator' or you can just leave a cocktail stick in an open pot and drip in a drop of water if the glue gets too thick.

Small 60g bottle with spout	£3.00 each
Large 150g bottle with spout	£4.75 each

**EXTRA STRONG QUILLING GLUE** - an even more tacky, good quality PVA glue, particularly suitable where one surface is not porous - e.g. when sticking 'Mirror Strips', or paper strips to certain plastics. It dries clearer than others. (Not water soluble when dry, so sponge off clothing with water as soon as possible.)

60g bottle with spout £3.65 each

**'JJ' FINE TIP APPLICATOR** - A stainless steel fine glue applicator which allows you to apply a tiny spot of glue just where needed. Store glue inverted in a pot with a moist sponge to keep the nozzle freely flowing. Just snip off the very end of the glue spout of a bottle of our quilling glue and the tip just screws on (or off for occasional clean).

'JJ' Applicator only £2.00 each

'JJ' Applicator with 60g pot of Quilling Glue £5.00 each

**EXTRA FINE TIP APPLICATOR** - Makes so fine a line of glue that you can write with it! Ideal too for fine detail with paints, resists, ceramics, model making and when decorating sweets and cakes. Just snip off the very end of the glue spout of our quilling glue and the tip screws on.

Extra Fine Applicator only £3.25 each

Extra Fine Applicator with 60g Quilling Glue £6.25 each

**COLOUR CHART** - A printed guide to many of the colours of our strips and sheets of paper. 75p each

**ONION HOLDERS** - for making those popular Spreuer patterns with our Spreuers Kit designs. See also the book, 'Shiny Christmas Spreuers'. £2.20 each

❖ **JJ QUILLING SCISSORS** - These stainless steel scissors are so sharp, with a fine point for easy and accurate paper fringing and comfortable plastic handles to avoid "Finger's Finger". They are a must for any fine cutting needs, like decoupage, paper snipping, parchment craft, etc. (Use our Extra Wide Bulldog Clip to hold the strip, having folded it twice. See the book 'Fringed Flower Hybrids' for many variations.)

only £3.95 each

❖ **JJ CRAFT SCISSORS** - These are 4½" stainless steel useful small scissors. They are sharp enough and with a fine enough point for craft use and have plastic covered handles. They are effective but inexpensive.

£2.60 each

**JJ 6" LOCKING ANGLED TWEEZERS** - At last, some really good stainless steel forceps with an angled point and a locking device, ideal for holding coils safely and placing them accurately. Very useful for eccentric coils or if you need help to grip coils - or you can even dissect worms, if that's your thing!

£3.75 each

❖ **JJ 5" FLAT ACUTE ENDED TWEEZERS** - Made especially for us, these useful stainless steel tweezers have a flat end that angles to an acute point. Long enough to be easy to hold and use, and ideal for picking up and placing those delicate Open Coils. Turn them for the pointed corner. £3.35 each

**JJ 4½" NEEDLE-FINE TWEEZERS** - These must be the finest tweezers you can get! Excellent for fine work, these needle-fine tweezers are made for us in stainless steel, are easy to hold and are a must for your craft box. Please do not let a child use these. £3.75 each

❖ **JJ 5" FINE STRAIGHT TWEEZERS** - These stainless steel tweezers are so popular, we had them made again. Fine point for picking up even small coils £3.25 each

**JJ SQUEEZE-TO-OPEN, RELEASE-TO-CLOSE 6" ANGLED TWEEZERS** - squeeze the 'wooden' handles to open, then loosen your grip to pick up and hold your coils firmly with no effort. Ideal for those with unsteady grip or to hold shapes while glue dries. Fascinating!

£3.75 each

**BULLDOG CLIPS 140mm - EXTRA WIDE FOR FRINGING.** Fold your strip twice, in quarters. The Bulldog Clip holds the full edge of the strip that you *don't* want to fringe so you can hold it easily and snip up to the clip without any mistakes (see Quilling Scissors).

£3.20 each

**CRIMPING MACHINE** - A machine to make regular zig-zags in quilling strips, now up to 12mm (½" approx) wide. Fill-quill crimped shapes or create very attractive borders. Try Quilling with crimped strips. Some recycled parts.

Place one behind an aperture card, cut it into a shape as a card feature, so many uses. Choose one of these themes: *Happy Birthday, Best Wishes, Happy Anniversary, Get Well Soon, Congratulations or Christmas*. Single theme mixed colour packs, 2 sheets each of 6 colours (or order a theme in a single colour you found useful).

**GREETINGS INSERTS**—20 white Parchment effect papers with an attractive assortment of greetings, such as 'Happy Birthday', 'Congratulations', 'Best Wishes', etc. Some are portrait, some landscape, to fold as inserts to enhance your 148 x 105mm (6" x 4") quilled greetings cards. Fold and apply spots of glue on the fold to stick (see Fine Tips). Specify your choice of *our* greetings if preferred. We can customise greetings for you, too, by arrangement.

**Payment with your order, please.** We strive to send you good quality papers, quickly, at low cost. Payment with orders helps us to keep our prices down, too - so it helps us all! *Either - send a Cheque (GBP) made payable to JJ Quilling Design, with your name and address on the back or send full Credit or Debit Card details, please - card number, expiry date, 3 digit code on card back, issue number, if appropriate, the name on the card and your billing address, the delivery address, if different, and your phone/fax number, email address. We make every effort to deal with average orders quickly. Special requirements may, of course, take a little longer. Please advise us if you have not received your order by a fortnight after we receive it. (Checking first with your local Sorting Office may save time; it may be delayed there.) *Please return any faulty items immediately for replacement.*

**Special Orders \*** - Our regular stocks are to meet the various needs of Quillers. Should you have any special requirements, e.g. non-stock strip widths or edged strips, an assortment of mounts or cards, please ask and we'll see what we can do. We keep certain stocks for our classes and workshops which may not appear in the catalogue, so it's worth checking. We can also make you **quantities of strips in your chosen mix of colours!** Don't be satisfied with second best if we can supply better!

**Please note:** \* *Any non-standard strips are Special Orders and have to be cut or made specially for you to your requirements. We are happy to do this but please be sure, before ordering, that you have selected the widths and colours you need. We do not accept Special Order returns as we do not expect to re-sell them.*

We have confidence in the quality of our products and are constantly in touch with discerning quillers. As a result, we may change the specification of certain products. Some popular papers may only become available in slightly heavier or lighter weights than our preferred range. Tell us where to find a colour which we adopt, we'll give you a "Thank you" gift.

*Have a look at our website (www.jjqquilling.co.uk). You will find pictures of our products and some examples of quillings! We recommend that you join The Quilling Guild for regular magazines, information about quilling in your region and great annual displays around the UK. Their website is: (www.quilling-guild.co.uk).*
